The best in the Midwest!

Camp teammates enjoy making new friends.

Individual Instruction

Making sure every young woman receives individual instruction is the main goal of our camp. With a ratio of one coach for every seven campers, individual attention to the fundamentals is assured.

Experienced Staff

The staff is composed of successful high school and college coaches who have proven their ability to teach. These people place great emphasis on the highest principles of athletics. Outstanding college players will serve as camp counselors. The camp offers twenty-four hour dormitory supervision.

Outstanding Facilities

The Armington Physical Education Center, with four full-size college courts, is the focal point for training. While meals and recreation revolve around Lowry Center, the entire 240-acre campus, including the pool in the Physical Education Center, is available to the campers.

The Camp will provide the atmosphere where a young woman can receive excellent instruction, proper supervision, and enjoy the fellowship of other campers who want to learn more about basketball. Campers are grouped by grade level for teaching and competition.

Grades 4-12

Wooster Basketball Camp is open to young women who will begin grades 4-12 after **September 1, 2010**. Session I runs **July 5-8, 2010**, and Session II runs **July 11-14, 2010**.

at registration time. Parents who desire may pay the full \$425.00 in advance. If we are informed of cancellation 14 days prior to the beginning of camp, we will refund the deposit minus a \$50.00 processing fee.

Evening Activities

While away from the basketball court, campers will be involved in evening activities such as bowling, swimming, karaoke, and the ever-popular pizza and dance party for the whole camp and staff.

Equipment

Equipment provided by the camp includes a Camp T-shirt and a regulation indoor/outdoor basketball. The camper should bring her own playing clothes, basketball shoes, and socks. Please make sure these items are labeled. Each person should also bring her own sheets, light blanket, fan, pillow, alarm clock, watch, swimming suit, and informal clothes to wear around campus.

Medical Facilities

The medical facilities of the Wooster Community Hospital are within one mile of the College campus in case of any

emergency. Each camper is covered by accident insurance. A full-time trainer is on duty throughout each session.

Busy Schedule

The morning sessions emphasize individual improvement, both offensively and defensively, including station-circuit work, lectures, demonstrations, and drills. Girls will be divided into groups according to age, size, and skill level.

The young girls will be taught basics; middle group will be taught fundamentals and an understanding of the game; the older group will focus on fundamentals as well as developing their position skills. After lunch, team play will be the emphasis. During free time, the camper can take advantage of the College's facilities for tennis, golf, swimming, bowling, and pool; or just relax and meet new friends.

An evening session typically consists of team competition emphasizing the skills learned during camp fundamental sessions. The younger girls will not be required to complete the same schedule as the older players.

*College of Wooster standout **Kaitlin Krister** continues to serve as an outstanding camp counselor and coach. She combines her enthusiasm and knowledge of the game in teaching our younger campers the fundamentals.*

Meals and Housing

Participants will be housed in one of the College's residence halls, all of which are within easy walking distance of other facilities that will be used throughout the camp. Most meals are served in Lowry Center dining hall. The food service offers a variety of selections at all-you-can eat meals.
